A modern bathroom interior featuring a glass-enclosed toilet and shower area. The walls are made of light-colored stone tiles, and the floor is covered in large, rectangular stone tiles. On the left, there is a dark brown floating shelf with a small potted plant and a black bottle. Below it, another dark brown floating shelf holds three folded towels. The glass enclosure has a dark brown frame and a dark brown shelf inside. The toilet is white and visible through the glass. The overall aesthetic is clean and minimalist.
